You have 2 days to serve that detention if you do not serve that detention a phone call will be placed home and will written up ie referral.**

Grading

Grading policy: Each student is graded on an individual basis. No cross-class comparisons will be made. The majority of this class is based on project assessment. Which means that i am using the projects to check for understanding (like when other subjects use unit tests to check for understanding of the unit) of the art objectives per unit. **If a student does not hand in work, by uploading a jpeg picture to their shared google portfolio, they will receive a zero.** I cannot grade a blank slide. Sorry.

Extra Credit: for all projects if a student's uses their own photography (photos taken from a photo are ok as long as they are not grainy) rather than internet found photos in their artwork they will receive an additional 5 points.
