

# High Contrast Portraits

Mrs Ras

Please refer to  
<http://www.mrsras.com/computer-graphics> for  
answers 1 and 2

1)What is Value in art?

2) in artwork what is a highlight? What  
is a shadow?

3)in the image on the top What  
information did the artist use from the  
image on the bottom to create the  
shapes?

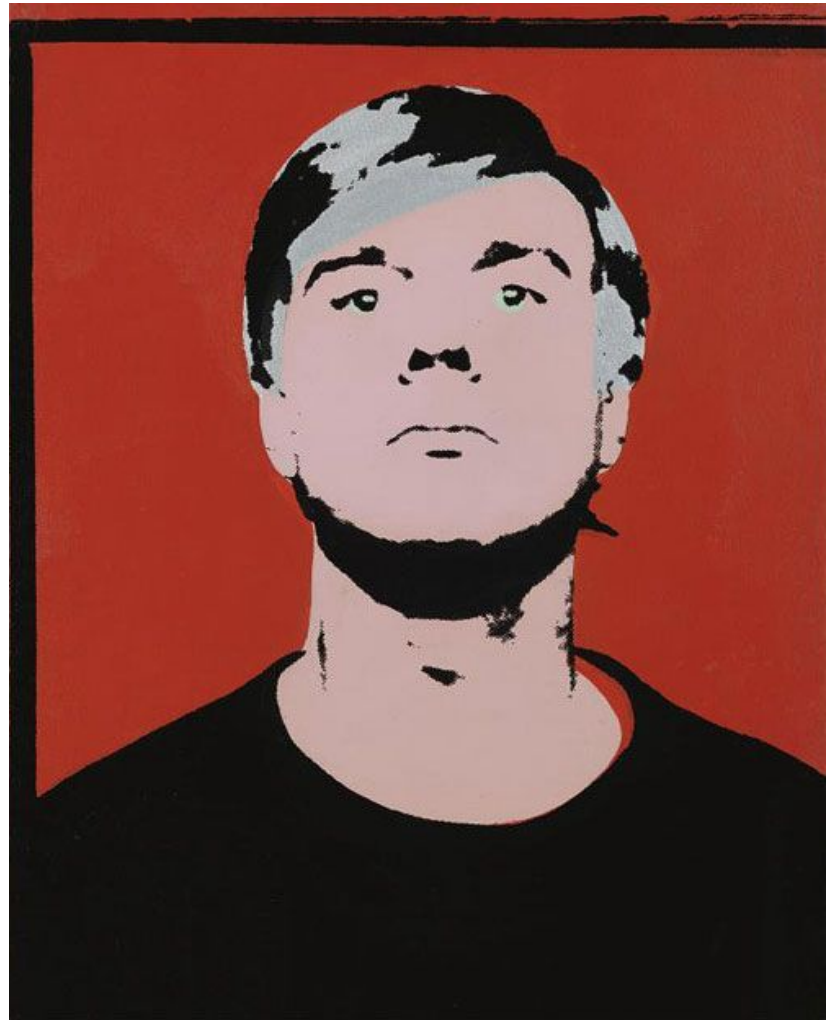

4) would you describe his artwork as Photorealistic? (does *is look like it could be mistaken as a photo*)

Please refer to

<http://www.mrsras.com/computer-graphics>

5) why? (aside from the color) Consider the value

6)What is a “High Contrast” portrait?

7. Is shape or tone the primary element in high contrast images

8)When creating a high contrast portrait what are the artist tracing and creating shapes of?  
Consider this photo to the right  
what is being traced?

Now find a portrait picture that displays a good amount of value .... In photoshop turn black and white and enhance the contrast!
